

REMARKS

Claim Rejections

Claim 10 is rejected under 35 U.S.C. § 112, second paragraph. Claims 1-3 and claims 5-7 are rejected under 35 U.S.C. § 102(b) as being anticipated by Clark (6,201,428). Claims 4-5, 8 and 10-12 are rejected under 35 U.S.C. § 103(a) as being unpatentable over Clark.

Claim 9 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all the limitations of the base claim and any intervening claims.

Drawings

It is noted that the Examiner has accepted the drawings as originally filed with this application.

Claim Amendments

By this Amendment, Applicant has canceled claim 9, and amended claims 1, 2, 6-8, and 10-12 of this application. It is believed that the amended claims now specifically set forth each element of Applicant's invention in full compliance to 35 U.S.C. § 112.

The Examiner has Indicated that claim 9 would be allowed if rewritten in independent form. Applicant's amended claim 1 comprises a combination of original claims 1 and 9, thus redrafting claim 9 in independent form. Original claims 3-5 and amended claims 2, 6-8 and 10-12 all depend from amended claim 1. In the absence of any art cited against Applicant's original claim 9, it is not believed that any detailed discussion of decided prior art references is necessary. Suffice to say that all of the claims remaining in this patent application contain subject matter against which no prior art citations have been made.

Application No. 10/790,733

Summary

In view of the foregoing amendments and remarks, Applicant submits that this application is now in condition for allowance and such action is respectfully requested. Should any points remain in issue, which the Examiner feels could best be resolved by either a personal or a telephone interview, it is urged that Applicant's local attorney be contacted at the exchange listed below.

Respectfully submitted,

Date: August 10, 2005
